CALENDAR DESCRIPTION, PREREQUISITES, AND COREQUISITES

The influence of family dynamics and social conditions on human development.

There are no pre-requisites or corequisites for this course.

COURSE DESCRIPTION

The focus of the course is to provide students with a greater understanding of how social experiences, both within and outside the family, are associated with human development. This course will focus on development in a North American context during early / middle childhood to mid-late adolescence (i.e., 2-18 years). Areas of development include biological, psychological, social, and cultural issues as well as relevant theoretical perspectives. Challenges and issues that will be addressed include but are not limited to family structure, environment, socio-cultural issues, school, and peer relationships. Students will be provided analytical and applied based learning experiences throughout the course.

LEARNING OUTCOMES (LOs)

At the completion of the course, successful students will be able to:

1. Evaluate and apply theories of development that include but not limited to operant conditioning, classical conditioning, social cognitive theory, cognitive theories, moral reasoning, gender identity, and attachment theory.
2. Identify and describe how different periods of development are influenced by various social experiences, interactions, and systems both within and outside the family unit.
3. Interpret and apply current research findings about human development in a family context.
4. Evaluate the appropriateness of strategies, advice, and support for children, adolescents, and their families.
5. Identify and discuss the challenges that children and adolescents experience during various periods of development and the role of the family in supporting them.

COURSE STRUCTURE AND LEARNING ACTIVITIES

Our class will consist of a mixture of synchronous and asynchronous learning environments. As a student in this course, you will be asked to do more than just memorize material but to take an active approach to your learning. I invite you to bring yourself to “class” as well as current examples from the media, personal experience, or other courses pertaining to current approaches and contemporary issues in human development and family relationships.

Asynchronous learning will occur every Tuesday during our class time. Take this time to work through the self-paced micro lectures that are posted on Canvas. **Synchronous learning** will occur on select Thursdays during our scheduled class time (see course schedule) ranging from 20 mins to 40 mins in length. Attendance is optional and synchronous lectures will be recorded / posted for those who cannot attend.

Family Advice Column. This is an individually written assignment. When working with families or family members, they will ask for advice or suggestions to address various issues, challenges, or problems as well as to seek reassurance. For this assignment, you will take on the role of being a family / child / human development expert who runs a column in an online magazine and you will write a response to a parenting concern submitted by one of your readers. You will need to address the concern using two research articles to explore the concern of the parent **AND** provide 1-2 strategies supported by research and / or reputable sources (i.e., non-profit-organizations, educational resources) that the parent can use at home. Full assignment instructions are on Canvas under the *Modules* tab.

Test and Apply Your Knowledge Quizzes. Quizzes are completed individually and are based on the material covered in an assigned week. The number of questions on each quiz will vary each week and is dependent on the amount of content being covered in each module. You will be tested on 2 types of questions. ***Test your knowledge questions*** test your understanding of the course material and the answers could be found in the lecture material and / or assigned reading. ***Apply your knowledge questions*** test your understanding of how to apply the concepts from the course. The answers **cannot** be found in the lecture slides because these are application questions. Schedule of quizzes is on pages 4-5 of the syllabus.

Online Discussion Learning Activities. Students will be required to engage in 5 online group discussions that address the questions in the assigned learning activity for each week. The lowest mark is dropped for the best 4 out of 5 discussion activities. Instructions are on Canvas under the *Modules* tab. Schedule of discussions is on pages 4-5 of the course outline.

ONLINE LEARNING AND INTERNATIONAL STUDENTS

During this pandemic, the shift to online learning has greatly altered teaching and studying at UBC, including changes to health and safety considerations. Keep in mind that some UBC courses might cover topics that are censored or considered illegal by non-Canadian governments. This may include, but is not limited to, human rights, representative government, defamation, obscenity, gender, or sexuality, and historical or current geopolitical controversies. If you are a student living abroad, you will be subject to the laws of your local jurisdiction, and your local authorities might limit your access to course material or take punitive action against you. UBC is strongly committed to academic freedom but has no control over foreign authorities (please visit <http://www.calendar.ubc.ca/vancouver/index.cfm?tree=3,33,86,0> for an articulation of the values of the University conveyed in the Senate Statement on Academic Freedom). Thus, we recognize that students will have legitimate reason to exercise caution in studying certain subjects. If you have concerns regarding your personal situation, consider postponing taking a course with manifest risks, until you are back on campus or reach out to your academic advisor to find substitute courses. For further information and support, please visit: <https://academic.ubc.ca/support-resources/freedom-expression>

UNIVERSITY POLICIES

UBC provides resources to support student learning and to maintain healthy lifestyles but recognizes that sometimes crises arise and so there are additional resources to access including those for survivors of sexual violence. UBC values respect for the person and ideas of all members of the academic community. Harassment and discrimination are not tolerated nor is suppression of academic freedom. UBC provides appropriate accommodation for students with disabilities and for religious observances. UBC values academic honesty and students are expected to acknowledge the ideas

generated by others and to uphold the highest academic standards in all of their actions. Details of the policies and how to access support are available on [the UBC Senate website](#).

ACADEMIC MISCONDUCT

Academic misconduct, such as plagiarism, is a serious offence at the University of British Columbia. I will not tolerate academic misconduct and will follow the disciplinary guidelines set forth by the university should any violations occur. For offences, penalties, and procedures relating to academic misconduct, please consult the Undergraduate Calendar:

<http://www.calendar.ubc.ca/vancouver/index.cfm?tree=3,54,111,0>

CENTRE FOR ACCESSIBILITY

The University accommodates students with learning challenges who have registered with the Centre for Accessibility. The University accommodates students whose religious obligations conflict with attendance, submitting assignments, or completing scheduled tests and examinations. Please let me know in advance, preferably in the first week of class, if you will require any accommodation on these grounds. Students who plan to be absent for varsity athletics, family obligations, or other similar commitments, cannot assume they will be accommodated. Please discuss your commitments with me *at least one week* in advance of the scheduled assignment or exam. For more information, please visit

<https://students.ubc.ca/about-student-services/centre-for-accessibility>

ACADEMIC CONCESSION AND EARLY ALERT

If you cannot meet a course requirement due to illness or compassionate reasons, please advise me as soon as possible prior to the due date. Please include a Student Self-Declaration form, found on the Arts Advising website: <https://students.arts.ubc.ca/advising/academic-performance/help-academic-concession/>. If you require a second concession, you must make your request to your Faculty Advising Office. For further information on regulations and procedures for Academic Concession, please refer to the Undergraduate Calendar at: <http://www.calendar.ubc.ca/vancouver/index.cfm?tree=3,329,0,0>

During the term, I will do my best to reach out and offer support. If I am concerned about your academic performance or wellbeing, I also encourage you to come and speak with me if you need assistance. In addition, I may identify my concerns using Early Alert. The program allows academic, financial, or mental health concerns to be identified sooner and responded to in a more coordinated way. This provides you with the earliest possible connection to resources like academic advising, financial advising, counselling, or other resources and support to help you get back on track. The information is treated confidentially and is sent because I care about your academic success and wellbeing. For more information, please visit <https://facultystaff.students.ubc.ca/systems-tools/early-alert>
